Unassembled Channel Bench Products ONLY Clipgun Policy

Pneumatic Clip tools are provided under the following policy:

- 1) To help avoid rental charges, we will not automatically ship tools out when the benches are shipped (unless specifically requested by the customer). We will send the tools when you have advised us that you are ready to start assembling. The tools are sent UPS standard ground at our cost unless otherwise specified by the customer (in which case the customer pays the shipping).
- 2) Tools are sent out to the job site for a period of two weeks at \$ 40 per job. Rental charges are incurred thereafter for \$ 20 per week. It is your responsibility to see that the tools are returned to Bartlett Bench & Wire to avoid incurring rental changes.
- 3) The number of tools sent is determined by the size of the order.

Number of tools per job:	Up to 5,000 sq ft	1 tool
	5,001-20,000 sq ft	2 tools
	Over 20,000 sq ft	4 tools
- 4) While extra clips are available for Sale at \$ 32.00 for a box of 2,000, they are included with each Channel Bench prices and shipped out with all orders. The tools and clips are custom made for Bartlett Bench & Wire Channel Top assembly and have little or no use on other applications.
